

YCS Competition Rubric

Creativity (25 pts)

25/25: Project delivers an original and creative solution with all features being innovative

20/25: Project delivers a mostly original and creative solution, especially in key features

15/25: Project delivers some unique or creative aspects

8/25: Project is mostly unoriginal or has only minor changes to existing solutions

0/25: Project is plagiarized or is a complete recreation of pre-existing solutions (DQ)

Complexity (15 pts)

15/15: Project contains many advanced features or algorithms and shows strong technical knowledge

10/15: Project contains somewhat advanced features or algorithms and clear evidence of effort

5/15: Project is mostly basic with little advanced features/algorithms

0/15: Project is very simplistic and basic with no evidence of effort

Potential Impact (20 pts)

20/20: Project has high potential to create large positive change on the chosen SDG issue on a global scale

15/20: Project has potential to make meaningful change on the chosen SDG issue

10/20: Project may make a small impact on the chosen SDG or on a very limited scale

5/20: Project has little relation to an SDG or has little impact

0/20: Project fails to address an SDG

Feasibility (10 pts)

10/10: Project is very realistic and could easily be implemented on a large scale

7/10: Project is mostly realistic and with effort could be implemented

4/10: Project is somewhat realistic and tough to implement

0/10: Project is impractical

UI (20 pts)

20/20: UI is very visually appealing, intuitive, and improves the user experience

15/20: UI is functional with little usability issues

10/20: UI is basic with some design or usability issues

5/20: UI is cluttered, confusing, or hard to use

YCS Competition Rubric

0/20: No UI present

Presentation (10 pts)

10/10: Video is clear and engaging, very effectively explaining the project's purpose, impact, and functionality. Demo

7/10: Video covers most of the aspects of the project and shows a demonstration but may be unclear or not engaging

4/10: Video fails to include some key aspects of the project or does not show a demonstration of the project

0/10: No video submitted or video does not mention the project
